

Informative Speech Outline

Topic: My progression through gaming Consoles

Introduction:

- I. How many of you have ever owned a gaming console? How many of you have had fond memories with those consoles? (attention getter)
- II. A great gaming console has to have a great look, great games, and help shape the next. (Thesis)
- III. Video games have been known over the years to be good hobbies and stress relievers. (credibility)
- IV. To the gaming community, the amount and quality of games you've played matters. (relevancy)
- V. Today I will speak to you all about my previous gaming console from the first to the last. (Preview)

Body:

I. Nintendo 64:

A. The looks of the Nintendo 64 and Controller.

- The controller for the Nintendo 64 is very memorable due to its three prong grip.

- The game cartridges for the Nintendo 64 were cool to stack on top of each other with their assorted colors.

- When inserting the cartridge, you had to make sure there wasn't dust in it or the console. This often led to a lot of blowing.

B. The games.

- Spiderman (2004) was one of my favorite games on this console. The web swinging and fighting were great back in the day.

- Mario 64 got a lot of playtime from me with its vast levels and great boss fights.

- Snowboard 1080° was so sick and visually stunning. Pulling off one of the moves you know you should never try always had you hype.

C. The next console in line

- The Nintendo 64 had a long time running from when it first released. The developers

- had already begun making its successor

- The next console behind the Nintendo 64 was the Gamecube.

Transition: After talking about the Nintendo 64, let's move toward the next console, Xbox 360.

II. Xbox 360

A. The console

- The xbox 360 came in white or black with the xbox symbol on the side.
- The three rings of death ring bells for players of this console.

B. The games

- This console had games like Battlefield 4 and Transformers War and Fall of Cybertron.
- My favorite game was Sonic Unleashed because of its merging of two worlds with Sonic being in the middle of it.

C. The next console in line

- The xbox 360 was a lot of people's first xbox console, but it was certain not going to be the last.
- The xbox one was the next xbox console released by Microsoft.

Transition: Now that we have talked about the xbox 360, Now we will speak about the last one on my list, the Playstation 4.

III. The Playstation 4

A. The console

- The PS4 came in black and later began to have custom collector editions.
- The controller ranks high on gamers best controllers. The Dual Shock 4 will have you experience gaming in a different light.

B. The games.

- Some of the games that the PS4 offered were Call of duty: Warzone and Apex legends.
- My favorite game from this console was Destiny (1 & 2) because of the friends I made playing.

C. The next console

- The Playstation 4 released in 2014 so the time for a successor came quickly.
- The next console is the newly released Playstation 5.

Conclusion:

- I. I would like to conclude with a recap of my main points. (Signal)
- II. All of the great gaming consoles look very good, have great games, and help make the next console. (restate of thesis)
- III. I went over the nintendo 64, xbox 360, and the Playstation 4. (review)
- IV. Remember that a gaming console will help take your mind off the hardships of life.
